Subject: RE: Continued Technical Discussion on Dico Site

Hi Rita and Tonya,

We at Skeo are looking forward to the continued technical discussion about the Dico property this afternoon!

Below are a few high-level agenda items that we are hoping to cover. As an outcome of the call, we will be looking to firm up at a draft work plan for Skeo's work.

- EPA site updates
 - City updates from discussion with current owner
 - Revisit SRI reuse support needs based on this information.
- For reference, support task ideas discussed to date include:

- a. Initial site visit
- b. Police HQ/School District Sports Complex overlay with buildings, slabs and previous/new subsurface soil/slab sampling data.
- c. Potential cost savings options for EPA response actions.
- d. Others?

Thanks!
